**2008 Steubenville East Guest/Visitor Registration**

Dear Group Leader,

Because of security issues and in an effort to be fair to the participants who have paid to be here, and to keep unknown individuals from having access to our participants:

- We ask that *if you need additional help for Saturday evening* you register **only 1** additional adult/group of 15 *student* participants.
- List any additional priests, who will hear confessions or will assist with their groups. A list of confession times will be sent to those who are willing to hear confessions so that they can sign up for hours they are available.
- Parents/guardians who will be picking up a teen will be able to be with us on *Sunday only* unless there is an emergency or they are the added individual helping with your group.

This policy has been developed for security reasons. It is needed because of the sheer number of people moving about in the main tent as well as the lack of ability to assist participants if need be and for the privacy of the participants. We ask those who are “curious about the event,” or those who “want to pray with the teens” or those who have been here before and simply “must get back to experience the event” or those who are visiting friends/family please **do not come as visitors it is a closed conference and not open to the public.**

**Group leaders must meet visitors have them pick up their Visitor Badge at Registration and escort them to their area in the main tent. During sessions it is not up to the staff to make sure that visitors join their groups and are not wandering around.**
